

HEADLANDS SCHOOL
SINCE 1965

Our Curriculum: MFL

HEADLANDS SCHOOL
SINCE 1965

Our Intent

As a result of our curriculum, Headlands students will be inspired to:

- become confident, proficient and passionate linguists who have developed the skills to communicate effectively in a language other than their own.

Our Implementation

In order to realise our vision, our curriculum will provide students with opportunities to:

- experience exciting and engaging lessons;
- appreciate how language learning can be both challenging but fun;
- develop and embed their knowledge and understanding of an additional language, allowing them to practice and hone their skills in a range of contexts;
- see the relevance of their language learning to their lives beyond Headlands School;
- engage in independent study and work alongside staff committed to ensuring they acquire the knowledge and skills that see them fulfil their potential and help raise their aspirations;
- engage in extra-curricular activities which offer opportunities to interact with other students, visit other countries and embrace other cultures.

The Impact

The impact of our curriculum will be evidenced in:

- our students' enthusiasm for the subject which is displayed both in and out of the classroom;
- our students' work and their progress as evidenced in their books;
- the increased number of students taking a MFL at KS4, KS5 and beyond;
- the progress and attainment of students in external exams.

Above all, our students have a passion for language learning; they appreciate the value of learning an additional language and the opportunities that this can afford them in a global world.
