

ABOUT ME

My name is Beverley.
I used to go to Headlands and now I am a headteacher in Thailand.

ABOUT MY JOB

I am headteacher of Kensington International Kindergarten in Bangkok, Thailand

We have children of many nationalities with us, aged from two to seven years old.

I have been in Thailand for five years and previously in South Africa. Our school was 'International Nursery of the Year 2019' by the UK's National Day Nurseries Association and we hold their 'Platinum Grade' accreditation, still the only school outside the UK to have achieved this.

In 2019, I was elected to the committee of the International Schools of Thailand Association (ISAT), the only foreign woman currently sitting. In that role I advise not only other schools throughout Thailand, but also the Thai Ministry of Education and various other government departments, especially during the COVID-19 pandemic.

SCHOOL RESULTS

I left Headlands in 1976, with seven O Levels and two A Levels. I can't remember the grades

FAVOURITE MEMORIES

I loved sport, particularly hockey and basketball and I was House sports captain.

WHAT I DID NEXT

I became a Great Ormond Street Nurse in London.

MY ADVICE TO STUDENTS

If you have a passion then follow it.

Be tenacious and patient as things don't always happen when you want them to happen.

Seize every opportunity

Stay true to your core values.

When going for your goal try not to be influenced by internal and external pressures.
