ABOUT ME

My name is Daniel.

I used to go to Headlands and now I'm a software engineer.

ABOUT MY JOB

I'm part of a web team at Capital One that create websites for online banking and other banking products.

SCHOOL RESULTS

I left Headlands School in 2016 with A* in Maths, A in Further Maths and B in Physics in my A-Levels

FAVOURITE MEMORIES

The incredible sandwiches made by Tina in the sixth-form bistro!

WHAT I

I went on to the University of Nottingham where I studied for a Masters in Theoretical Physics. I achieved First Class Honours and an award for the best Masters project.

MY ADVICE TO STUDENTS

Programming helped me so much with my degree that sometimes it felt like I was cheating.

Take the time to learn now and you'll always be one step ahead.
