

## ABOUT ME

**My name is Mitchell.**  
**I used to go to Headlands and now I am a musical director and instrumental tutor.**

## ABOUT MY JOB

I am responsible for the continued development of my choir and my private students.

I organise local performances and exams, arranging for soloists and orchestras.

As well as this, I have a passion to make the arts a more accessible industry for the people of today and I attempt to do this by increasing opportunities for performances in my local area.

## SCHOOL RESULTS

I left Headlands in 2017 with D\*, D\* and C grades in my A Levels.

## FAVOURITE MEMORIES

The compassion of staff and the inspiration they gave me to follow my dreams.

## WHAT I DID NEXT

I attended the University of Huddersfield gaining a 2:1 degree in music and am now studying a master's degree in music performance.

## MY ADVICE TO STUDENTS

**Don't give up. The arts is a competitive industry but we all have something to offer. Show the people of today what you're made of.**
