

ABOUT ME

My name is Nicola.
I used to go to Headlands and now I am a library assistant.

ABOUT MY JOB

I look after the books ensuring they are discharged and issued to customers correctly. I look up and order books that the customers request.

I support customers using our IT facilities including printing and photocopying.

Before COVID, I helped to run groups in the library such as bounce and rhyme for the under 5s and code club for junior school-aged children.

I have done many volunteering roles in sport including being a gamesmaker at London Olympics in 2012.

SCHOOL RESULTS

I left Headlands in 2003. My grades at A Level were B in PE, C in English, C in General Studies and D in Business Studies.

FAVOURITE MEMORIES

Learning new and interesting things with the support of my teachers, while being with friends.

WHAT I DID NEXT

I have a 2:2 degree in Sport and Leisure Management at the University of Hull, Scarborough campus which I achieved in 2006 when I worked part-time as a support worker with NCH, taking disabled children to clubs such as Brownies.

MY ADVICE TO STUDENTS

If you don't get your dream straight away, don't give up.
There will be life lessons on the way and you'll know when it's right.
