

ABOUT ME

My name is Victoria.
I used to go to Headlands and now I am a funeral director.

ABOUT MY JOB

I am a funeral director in Bridlington. I have been in the funeral business for nearly 10 years now.

SCHOOL RESULTS

I left Headlands in 2007. I achieved four As, three Bs and four Cs at GCSE and also got 3 AS Levels at grade D and one A Level (E).

FAVOURITE MEMORIES

My favourite memories of Headlands are most probably our trips to Rosedale, especially the second trip when it was more about science.

WHAT I DID NEXT

After leaving school, I joined the Royal Navy as an Aircraft Engineering Technician. During this time I gained me apprenticeship in Engineering and various NVQs in aeronautical engineering.

MY ADVICE TO STUDENTS

You don't need to go to university to do really well in your working life, there are other paths to take that are just as rewarding.
Anything is possible if you put your mind to it.
