

Home Learning: Supporting our SEND students

How will my child be supported during a partial or full school isolation & suspension of on-site learning?

- Learning Tutor support is continuing during the "live lessons". Our Learning Tutors are part of the "live lessons" and are using the Google Hangouts app to message students during these lessons to offer help, support and guidance in real time. This support is the same as that offered prior to the lockdown.
- For students in our onsite provision, The LRC and intervention rooms are being used as a base to allow students to access their live lessons from school. Learning Tutors are working with the students who are in school. For these students, a Learning Tutor is offering socially distanced and time limited, in person support, following COVID-19 guidelines.
- Chromebooks have been provided for those students in need of them.
- Annual Reviews have, and will continue, to take place throughout the lockdown. These will be undertaken remotely but will continue to follow statutory requirements.
- Contact and liaison with outside agencies such as SaPTS and the Educational Psychologist Service will continue to take place.
- Careers advice and guidance will continue, and the 0-25 SEND Team will continue to be involved with the EHCP students who are in Year 11.
- Our SENCO is in weekly contact with the parents/carers of the EHCP cohort to check on learning and to offer support where needed.

Should you have any questions or concerns, please do not hesitate to contact the Learning Support Team. You can either telephone the school office or e-mail admin@headlandsschool.co.uk.
