

ABOUT ME

My name is Cory.
I used to go to Headlands and now I work with the Coastal Services team.

ABOUT MY JOB

I currently work at Coastal Services in Bridlington. I work on the maintenance team, we look after beaches, chalets and land trains. We are also responsible for certain areas of the coast, from Flamborough all the way down to Hessle and North Ferriby.

I am currently applying for sports coaching positions. My long term goal is to work in motorsport as a Performance Coach.

SCHOOL RESULTS

I left Headlands in 2015 with a Distinction* in PE, C and D in Business Studies and History.

FAVOURITE MEMORIES

A Level Sport with Mr and Mrs Hout! From learning new content in the class room to practical session. It was always a great atmosphere and everyone enjoyed those lessons!

WHAT I DID NEXT

I studied BSc Sport and Exercise Science at Hull University and I have just completed a MSc in Environmental Physiology. I am now a qualified gym instructor and halfway through my PT course.

MY ADVICE TO STUDENTS

Plan your time the best you can!
Don't worry if you don't know what you want to do later in life, work hard on the subjects you enjoy and you might find a future career from it!
