

ABOUT ME

My name is Ben.
I used to go to Headlands and now I am a payroll administrator.

MY LOVE OF SPORT

In my day-to-day role I am responsible for communicating with clients, processing their payroll and answering human resources queries they may have.

Over the last year I have been assisting employers with utilising the Coronavirus Job Retention Scheme.

I am also studying for a Business Administrator Level 3 course alongside my work duties - which has been supported by Lloyd Dowson.

SCHOOL RESULTS

I left Headlands in 2017 with 2 A*s, 2 As, 2 Bs and an 8 in Maths, English Language and Literature.

FAVOURITE MEMORIES

The trips organised by the school stand out as my favourite memories of my time at Headlands. From Italy with the football team to France for PGL, they never disappointed.

WHAT I DID NEXT

After leaving Headlands, I studied at Scarborough Sixth Form College where I achieved A, C and D in History, Maths and Physics.

I then took part in work experience at Lloyd Dowson, which involved experience in all departments. The diversity in tasks, continuous support provided to me and possibilities for the future convinced me to start my career with them.

MY ADVICE TO STUDENTS

Do not assume that university is the only valid route to a professional career or that Bridlington has nothing to offer.

There are many successful local businesses willing to provide interesting career paths.

Be flexible in your plans for the future and always say yes to the opportunities you are given.
