FRIDAY 25 MARCH 2022

## Headteacher's message

**L**ast week we started our first celebration breakfast with Year 7. This week Year 8 were treated to either waffles, bacon or sausage sandwiches in the canteen. Students are invited by our fantastic Student Leaders based on having no Comments and no Behaviour Points. Students receive a personalised ticket during the week and the events are completely coordinated by our Student Leader Team. A great way to start a Friday!

**A**nother good news story this week was Archie Wallis winning the PlayStation FC Schools Cup in school. This means he will now travel to West Bromwich Albion FC in May for the national finals - absolutely brilliant Archie - well done!

**O**n Wednesday Mr Kelly (Teacher of Maths) and Mr Edwards (Assistant Head) took a group of Year 10 students to a Maths Feast at Scarborough 6th Form College. There was no overall winner for the day, but one of our teams did get the highest overall score! Great work everyone.

**P**lease congratulate our Year 10 football team who this week beat Wolfreton School 3-2. A superb victory and a great team effort from the boys. Well done!

**F**inally today, as part of our Year 11 ARC Students Sports Leadership Course, they are running a charity fund raising event in the PE department over lunchtime in aid of Comic

Relief. Students and staff have two ways of being involved. They can either:

**R**un as many laps as they can of the sports field

**B**eat the goalie

**I** will look forward to seeing "students in action" at the event and also celebrating with the students on how much money they have raised for the Comic Relief charity. Well done in advance to all those taking part and a big "thank you" to our ARC students for making this happen.

Stay Safe,  
Mrs Bone

## Celebration Breakfast

## E-sports Winner!

54 students entered and Archie (Year 8) has emerged as our School FIFA 22 champion. He will travel to West Bromwich Albion FC in May for the national finals!

## Year 7 Head Chefs

We are celebrating Headlands 'Head' chefs after the new groups started their first rotation of Food and Nutrition lessons this week. As well as the subject being a key part of the National Curriculum, it is also a key skill for all students to be able to develop so that they can become independent within their future lives. Year 7 have been developing their basic knife skills learning how to correctly and safely chop and slice fruit. They have also focussed on presenting their food in a creative way. The first practical session last week involved slicing an apple and presenting it to look like a Crab. This week students have used their skills to create and present a small fruit salad. There has been some excellent work with both some skilled and creative students.

Here is just a 'flavour' of some of our talented young Head Chefs. Hannah Edwards, Hope Russell, Yong Cay, Lewis Williams. Charlotte Pannell, Miyah Rollinson, Scarlett Duke, Eva Szpakowski.

This week members of the Brilliant Club in Year 8 were invited to engage in a webinar with Keble College at the University of Oxford. The students were feeling "charismatic and inspired" to have the opportunity to gain a real insight into life at university. Their enthusiasm showed throughout and will help them in the coming weeks, where they will work with a PHD tutor to create a university graded piece of writing.

## Maths Feast

A fantastic day at the Maths Feast at Scarborough 6th Form College! Both teams did brilliantly well and team 1 got the highest overall score - great work!

## Sports

**Quarter Final Victory for  
Year 10 this week.**

**Headlands**

**3-2**

**Wolfreton**

**A close defeat for Year 8 that could  
have gone either way in extra time.**

**Headlands**

**1-2**

**Wolfreton**
