Dear Parent/Carer

We previously wrote to you to highlight the initial decision that had been taken by the Governing Boards of both Bridlington School and Headlands School to explore creating a Multi Academy Trust to best serve the needs of our community both now and in the future. As part of our process of due diligence we are keen to engage with all our stakeholders and as our parents and carers you are of course an extremely important group for us to listen to. In our previous letter we advised you that we would shortly be opening a Frequently Asked Questions (FAQs) opportunity as part of our consultation, we are delighted to say that this opportunity is now available via parentfaq@headlandsschool.co.uk

The purpose of the FAQs is for us to be able to respond to common queries that our parents and carers may have in respect of the proposal to academise both schools. Questions should be submitted to each school's email address and they will be regularly reviewed, a cumulative FAQs document will be made available on each school website (both documents will be exactly the same). For our school our website address and link to the document can be found at <https://www.headlandsschool.co.uk/faq>. The purpose of this element of the consultation is for us to respond to general enquiries which are relevant to parents and carers as a whole and be totally transparent in sharing information.

In addition, please talk to your child at home and share any questions that may come from them using this email address.

We will not be responding to individual emails but you will see your question or a version of your question appear in the FAQ document. Where there are multiple questions that require the same answer, these will be grouped together. You will receive an automated acknowledgement for your email to the FAQs email address.

Please be advised that while we welcome engagement with our parents and carers, this is not a channel to direct queries about individual students or concerns or to raise issues which are currently ongoing.

Save the Date

We want to be able to speak to our parents and carers in person as part of our consultation. We are aware that we all lead very busy lives and so are providing a range of opportunities for parents and carers to engage with us in the hope that one slot might be appropriate for your family. All sessions are open to all parents and carers of both schools. Each event will begin with a brief presentation by the Headteachers of Bridlington School and Headlands School and will then provide an informal opportunity for parents and carers to speak to a range of school leaders and Governors about the process of academisation. Please be aware of the following dates for in person consultation, a reminder will not be sent.
