

## Student Council Minutes

### Week Beginning 4 April 2022

#### Agenda: Rewards (main focus - Rewards Breakfast)

##### Y10 and 11

- Less interested in Rewards Breakfast, but do like Rewards
- McDonald's vouchers or delivery
- Amazon vouchers
- ARC Rewards need to match main school Rewards
- Tutors need to be more involved in the Rewards process
- Ask for an RSVP to rewards breakfast - still in Amazon draw if not attending
- Students visit other schools to see what their Rewards systems are like
- Games and music during rewards breakfast would make it more appealing - time?
- Need to look at what students do in detentions. Feels pointless writing the Behaviour Policy out?
- Staff give too many warnings before comments are issued?
- Staff should be allowed to give instant detentions - this could lessen the impact of disruption.

##### Y8

- Like it the Rewards Breakfast - Good incentive
- Fruit and other cereal needed
- Need to cater for vegan students etc.
- Make sure the Amazon voucher draw is clear to all students that it is random
- If students don't want to eat breakfast (often they have already eaten) then a voucher for something at the canteen would still mean they get rewarded
- Non uniform days for students as part of rewards
- Create a rewards room where students can go and play on the PlayStation, go on phones, eat etc. Use RED's to pay for it?
- A2L grades need to be used more

##### Y9

- Some might not want breakfast because they already had some
- Maybe not do a breakfast and do something at lunch instead e.g. Dominos delivery
- Reward stamps need to have more of a value - some people are not bothered about stamps
- Reds and postcards linked e.g. get a lot of RED's for getting a postcard home
- Have lunch outside of school e.g. going to 149
- Waffles were a favourite
- Could choose what food you want at the breakfast in advance so you get what you like
- Rewards token/card for teachers to give out for students to trade in

##### Y7

- Have awards assembly every week or give out reward each week
- Have more rewards for improvement or those who are already doing well
- More sports trips
- School fair- similar to sports day

- RED's turn into physical items
- Tutor rewards so that tutors are more involved
- More activities in outdoor areas
- Canteen vouchers
- Visits to some more exciting places - e.g. gravity, laser tag
- Different colour stamps worth different amounts
- Tutor and year group competitions would be good
- Tutor prize draws
- Comments for forgetting something every now and again should not be included in the data for the rewards trips
