FRIDAY 13 JANUARY 2023

Message from Mrs Stamford

On Tuesday of this week Year 10 had a fantastic visit to the Scarborough Campus of Coventry University. Students took part in various workshops delivered by the university including policing, health, business and early years/primary education.

This now means that the Year 10 students have all visited Hull University which is classed as a middle sized University, CU Scarborough which has a small campus and many students also visited York University which is larger and part of the Russell Group of Universities.

At Headlands School, we pride ourselves on giving students as many different opportunities to help them shape their future learning and career. It was very interesting to hear that some of the Year 10 students had been put off from the

idea of going to university because they believed that they were all huge - since visiting the small campus at Scarborough, they have now changed their mind!

Over the next two weeks Miss Mulligan is holding 6th Form interviews with our current Year 11 6th Form applicants. It is still not too late for Year 11 students to apply to the 6th Form, the application form can be found at the following link;

<https://forms.gle/drGUBabpDpZVX37u6>

Just a reminder that North Bridlington Library is closed next week for renovation work, therefore parents that access the car park will need to make alternative arrangements to drop off and collect students from School.

Mrs Stamford
Head of School

Do you want to escape School? One of our Sixth Form students, Millie Saffery, has created an online 'Escape Room' based on Headlands School. Come to Room 74 at 12.05 to 1.45pm on Wednesday to attempt the great escape. Prizes are available for anyone who successfully escapes the School! This is a part of Millie's A-level Computer Science coursework.

Mrs Bone's Newsflash

This week we hosted the annual Hull and East Riding Panathlon here at Headlands School. Panathlon is a national charity which gives young people with disabilities and special educational needs the opportunity to take part in competitive sport every year. This year's event was led by our amazing Sports Leaders and it was incredible to see so many young people from across the county here at Headlands School taking part in a range

of competitive, challenging sports activities.

Following the event yesterday, co-ordinated by our very own Mrs Houlton (Lead Practitioner - Sport), she received email feedback from schools in Hull and the East Riding about the quality of leadership our students demonstrated and the determination and competitiveness our students showed in every single event. I think this action shot of

Jack in Year 7 epitomises the event - look at that focus! And what amazing skill! Truly proud of everyone of our students who helped and took part - #TeamHeadlands.

Best wishes,
Mrs Bone
