FRIDAY 10 MARCH 2023

Message from Mrs Stamford

We have had a busy week again this week and experienced some rather wintery conditions just when we thought that Spring was around the corner! Trips have gone out this week to Hull University for all age groups and students have enjoyed workshops across a variety of subjects and careers.

Our Sixth Form have also enjoyed a trip to the University and have sat in on lectures and immersed themselves in 'a day in the life' of a University student. Great opportunities for all of our students.

Yesterday we held our annual Careers Fair. We had employers from a range of

industries and the sunglasses from Hull University were certainly a big hit with our students! This then led into our Year 9 Options and Aspirations week. Subject videos have gone out on social media and the website detailing the content of each options subject for GCSE and our Parent Evening was really successful with over 120 parents attending the evening despite the cold conditions! Thank you very much to all parents who attended the evening. We hope you have enjoyed learning about your child's progress and we hope that you found the evening useful in being able to help your child make the best GCSE option choices for them. Our Year 11 students have sat

some elements of their GCSE exams this week in PE and Food. The standard of their work has been incredible and we are really proud of them all.

Next week there are planned teacher strikes on Wednesday 15 and Thursday 16 March. Then on Friday 17 March we are holding a non uniform day for Comic Relief. Donations can be made online through Scopay and red noses are available should you wish to purchase them. More details will be given to students through tutor time.

Mrs Stamford
Head of School.

Duke of Edinburgh Funding

The new cohort of 2023 Duke of Edinburgh is well underway. Students met this week to celebrate the Queen's Trust funding we have received to purchase new essential equipment for expeditions of nearly £400!

The students are well on with their physical, skill and volunteering parts of the award and are attending after school sessions with the DofE staff to gain skills required for completing their expedition.

Mrs Bone's Newsflash

Fantastic to see so many students keen and eager on Tuesday to visit Hull University - I know many of our students who didn't go would also like the opportunity - please be reassured they will get their chance and Mr Stamper is already on with planning the next one.

Thank you to all our parents / carers who attended the Parent Forum last week - it was a really well attended event and your contributions and feedback have already been actioned by Mr Stamper and Ms Renard.

Minutes of the Meeting will be on the School website in due course.

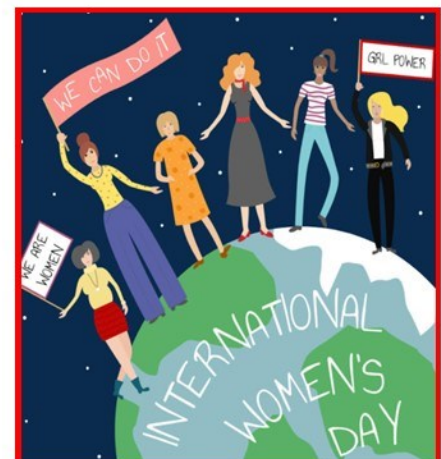

Wednesday was International Women's Day and a big "thank you" to Morrisons, Bridlington for a significant donation of women's hygiene products. These will be placed in our student toilets. Period Poverty is a real challenge for many women and this donation, alongside our free supplies, does make a difference. More information can be found here; <https://periodpoverty.uk/>

Finally Thursday was our "show stopping" Careers Fair with over 100 exhibitions and the opportunity for all of our 1000+ students to access impartial advice and guidance. Thank you to Mr Stamper and Ms Roberts for organising this and a huge thank you to all the exhibitors for giving up their time to meet with our students.

Here's hoping that's the last of the snow!

Mrs Bone
Executive Headteacher

Careers Fair 2023

Yesterday was the return of our fantastic Careers Fair here at Headlands. Seeing over 1000 students engaging with over 50 local, regional and national employers/colleges/universities was truly amazing.
