ISSUE **35**

FRIDAY 7 JULY 2023

Message from Mrs Stamford

Last week our year 7 students enjoyed a trip to the beach as part of a joint venture between Geography and Art. The Geographers have been looking at Environmental Beach factors and Longshore drift and the groynes. The artists have been looking at beach structures creating new rock sculptures, you may have seen some of the impressive beach art on Facebook which has been shared far and wide!

We have welcomed our year 6s for their transition day this week. The students have had a great time and they are so excited to join us in September, we are equally as excited to them becoming part of Team Headlands.

Our year 10s have been on work experience this week and have enjoyed some really successful opportunities. Thank you

to all of the businesses who have accommodated our students for this valuable experience.

Just a reminder that next week our year 10 students will be visiting East Riding College for their taster day. More information will follow from Mr Stamper.

Mrs Stamford
Head of School

Mrs Bone's Newsflash

I would like to take this opportunity to thank all our local and regional Work Experience providers - this week has been brilliant for so many of our Year 10 students who have got to experience first hand the "world of work." I am really looking forward to hearing from the Year 10's next week about the opportunities they have experienced and what they have learned from them.

This week the Senior Team and I have begun our two week cycle of meeting with students to discuss their Academic Progress Reports and compile our individual responses. I know I always say this, but they really are a highlight of my time in school and the feedback from student's is always honest and direct! Year 7, who I am seeing, are flying and have clearly had a brilliant 1st year at Headlands School and are doing really well in lessons. Well

done Year 7!

Two more week's until the summer holidays and I am confident they are going to fly by! Next week see's our Rewards Assemblies return - and it will be great to see lots and lots of students being rewarded for their hard work and efforts over this term.

Have a good weekend and enjoy the sunshine.

Mrs Bone

ISSUE **35**

BBC 2 and Celebrity Chef Andi Oliver are filming a programme all about Bridlington.

On Sunday July 9th we are throwing a party to celebrate the town open to you and your families to attend.

The event begins with a parade at the white railing walkway next to the Harbour carpark. (4 S Cliff Rd, Bridlington YO15 3AT) at 11am and we'd love you to join.

We will then promenade along the seafront to the RNLI at Lifeboat Station, The Spa Promenade, Bridlington YO15 3JH.

It will be a fun event with music, food and entertainment. A big celebration of your town.

This event will be filmed for the BBC by South Shore Productions (makers of Hairy Bikers and Freddie Flintoff's Field of Dreams), so you should be happy to appear on camera. We'd ask that people avoid wearing clothing with large logos and come ready to support this unique occasion.

Crucially - as Bridlington is the lobster capital of Europe, we would love to celebrate this at our party.

So, we want to set your children (and their grown-ups) a challenge to come in your best lobster outfit or make your best drawing, hat or flag dedicated to the lobster.

I have attached some ideas. We want to showcase how creative the people of Bridlington really are and can't wait to see all the different creations and outfits you all come up with!

Please get in touch with any questions or to discuss helping us tell the story of Bridlington.

Many thanks,

Holly Jackson (Holly.Jackson@southshore.uk)
