## Headlands Headlines

### Message from Mrs Stamford

This week students across all year groups have enjoyed reward assemblies. It has been lovely to celebrate our students' achievements with them this half term and congratulations to all students who have won something this time around.

One of our students Abi Wallis competed in the Northern Championships this week and did amazingly well. She ran 60m sprints, competing against 48 girls. In her heat race she came first in 8.26s, in her semi final race she came second in 8.36s and in the final she ran 8.32s and was up against the gold and silver U14 Olympic Medalists which shows the high level and quality of the finalists. Well done Abi!

We have also had huge successes with the gymnastics team who have secured several medals between them in the floor and vault in the Milano competition. Well done to all students involved in this competition, you have certainly done yourselves and Headlands proud. #TeamHeadlands!

Our resident chef Charlie Moverley in Year 11 competed at the National Final of the Future Chef competition in Sheffield with his dish of "breast of pheasant mosimann". Again competing to a very high standard and showing off some fantastic culinary skills. Well done Charlie!

What a talented bunch of students we have here at Headlands School! As we break up for the half term a reminder that school reopens for all students on Monday 19th January. Have a lovely restful break.

Mrs Stamford  
Head of School

### Future Chef Competition

Charlie Moverley entered the national final of the Future Chef Competition on Monday. Charlie made breast of pheasant mosimann and floating island. The standard of the competition was very high and the judges said that it was very difficult to choose a winner. Well done Charlie for this amazing achievement.

## Year 10 Hull University Visit

Year 10 students enjoyed a really informative visit to Hull University. They took part in a student budget challenge, learnt about what university has to offer and took a tour around the campus.

All Year 10 students have now had the opportunity to visit at least one university with the majority having also visited other universities such as York and Coventry (Scarborough campus). Students will have another opportunity to visit a university when they are in Year 11 as they strengthen their plans for the future.
