

## Message from Mrs Stamford

Welcome back! I hope you all had a lovely break and are feeling refreshed ready for the busy term ahead.

The school has felt very settled this week with some fantastic work happening in lessons from our very talented students. Students continue to enjoy their rewards and the SLT tokens and rewards for weekly stamps will also continue this term. All students need to ensure they have their planners ready to collect their stamps in order to gain a place on the

summer rewards trip.

This term Year 11 begin their mock exams, these begin on the 20 January and end around the 7 February. Staff will then mark the exams and students will experience a mock results day. This will be held on Friday 28 February.

Before the mock exams begin we are holding a parent v student evening on Thursday 16 January. This is an opportunity for parents to come along and

compete against their child on a range of GCSE subjects to see who is the ultimate champion!

On Thursday this week we held a Panathlon event. We welcomed lots of children from other schools to take part. It was a fantastic day enjoyed by all students.

Mrs Stamford  
Head of School

## Mrs Bone's Newsflash

Happy New Year everyone and welcome back in 2025!

This week we have started back with Assemblies led by Mr Hoult, Subject Leader for Physical Education. He has led the way for us for the Spring Term delivering a quick insight for students into the ambition we have for this curriculum area (referred to as our Intent), how we deliver this subject area (Implementation) and what we know success looks like (Impact). We offer our students access to over 20 different sports, including Pickleball and Darts, and offer a comprehensive extra-curricular programme (which is now on the school website). Next week we have the privilege of hosting the Yorkshire Schools Regional Heat for Gymnastics - with over 250 students travelling from all over the County to come to Headlands School - pretty amazing stuff!

Mr Hoult clearly described to students how our principle ambition for our Physical Education curriculum is to create lifelong positive physical habits that will ensure our students stay active, and in turn mentally and physically healthy, into adulthood and for life. Thank you to Mr Hoult for leading the way for other Subject Leaders for the Spring Term Assemblies.

Stay warm and safe over what is expected to be a frosty and cold weekend!

Mrs Bone, Executive Headteacher

## Headlands ARC Update

Students in the ARC finished 2024 with their fantastic Christmas Fair. Their creativity in designing games and activities as well as organisation in running stalls meant that the event was another great success. We have to say a very big thank you to all those in our community who donated prizes for the raffle and took the time to bake the delicious treats on sale. We were also very pleased to greet a number of parents of students in the ARC who came along to support the event.

The end of term was topped off by a great day out at BIG FUN in Hull with a visit to McDonalds as a reward for those students who have worked well thorough last term.

We now turn towards 2025 and look forward to more successes for our students in the new year. - Mr Abbotts, Head of School (The ARC)

## DofE Sixth Former Award

Brooke Price (Year 12) receiving her DofE Bronze Award, well done Brooke!
