

### Message from Mrs Stamford

Welcome back! I hope you had a lovely summer break, the weather was certainly good but I'm sure, like me, you're grateful for getting back into some form of routine!

Firstly I'd like to congratulate our Year 13 and 11 cohorts on some remarkable results this summer. The results they gained were testament to the hard work, dedication and resilience shown by our students.

As we say goodbye to those students, this week we have welcomed our new Year 7 cohort. We have over 200 students in our new year group and we couldn't be more proud to welcome all of our new students into our Headlands family. We

look forward to being on this journey with you.

As we welcome back all of our students I would like to thank you for your support around uniform, jewellery and mobile phone expectations. It is important that we are consistent in our approach to following these policies to ensure a fair and unbiased approach to managing over 1000 students in a calm and fair manner.

A reminder that the front gates on Sewerby Road are closed between 8:15-8:30am and 2:45-3:00pm for student safety and therefore access on and off the site is limited. We understand that we are all busy with places to be but if you do

choose to come onto site, please be aware that you may be delayed when leaving between these times.

Next week I am excited to give out lots of rewards to our fabulous students who impress me on a daily basis in their lessons.

Mrs Stamford

Head of School

### Canteen Food Price Increase

This week we have been advised by the Local Authority that as of 27 October 2025 the price of a 2 course meal will be £2.85.

### Mrs Bone's Newsflash

Welcome back for the academic year 2025 - 2026, where has the summer gone? Certainly with the weather this week, we can say summer feels like it has definitely left us!

This week we welcomed back our fabulous students into our main school (Headlands) and our two Enhanced Resource Provisions (The ARC and The Cove). Both our Enhanced Resource Provisions have been kitted out with new furniture and re-decorated - they are both really fantastic learning spaces. Thank you to both teams of staff who have worked over the summer to ensure these provisions were all ready to open this week.

I have led an Assembly for all year groups this week to welcome them back. This was an opportunity to celebrate our student's successes over the summer and remind students of our Core Values: Pride, Aspire, Respect and our Vision - for every student to be happy, to have access to a great education and to ensure they have positive destinations. It was also a time to ensure students are aware

of the schools core Safeguarding Team and of the key personnel who can help students if they have any concerns. For your information, Mrs Westcott remains our Designated Safeguarding Lead.

I also shared with students the image below drawn on Bridlington's South Side Beach in the summer - remembering that not all children will have had a fantastic, safe summer. Where students do have concerns it is really important they continue to come and tell us and we will endeavour to do all we can to help them.

We have a very busy 8 week half term ahead of us, including our Year 5/6 Open Events on Thursday 25 September and Saturday 27 September and our Sixth Form Open Evening on Thursday 9 October. More information on how to apply to Headlands School for Year 6 places can be found on the East Riding website here -

THE GIANT SAND PORTRAIT WAS COMMISSIONED TO HIGHLIGHT HOW MILLIONS OF CHILDREN IN THE UK ARE MISSING OUT ON DAYS OUT. BARNARDO'S SAID (RICHARD MCGARTHY/PA)

## The Headlands Cove Enhanced Resource Provision

Headlands School currently works in partnership with the East Riding of Yorkshire Council to provide an Enhanced Resource Provision (ERP) for young people with Social, Emotional and Mental Health needs. Working with the Local Authority, The Cove aims to remove barriers to achievement and narrow the gap so that everyone can reach their potential. The Cove aims to provide a socially inclusive education provision that attempts to engage those children and young people whose needs cannot be met through mainstream provision, aiming to:

- Provide a specialist enhanced resource that offers a broad and balanced curriculum for children and young people who have an EHC Plan.
- Provide a caring, stimulating and consistent environment in which students can learn.

ERP students benefit from personalised curriculum planning and delivery that is carefully designed to enhance their social, emotional and behavioural skills; encouraging students to aim for high standards in their own learning and achievement. The Cove enables flexibility between mainstream and enhanced resources; students attend mainstream lessons/activities as appropriate.

### Access & Eligibility

The Headlands School Cove works collaboratively with the ERYC SEN Team to identify whether the provision is able to meet the needs of an identified young person with an EHC Plan. Initial applications for placement at The Cove will be made via the ERYC SEN Panel through the EHC Assessment process or the Annual Review process. The Cove will only be able to give consideration to a consultation once all up to date information is available so a fully informed decision can take place. If space is available, a discussion will take place to ensure that The Cove can meet the child's special educational needs and that the allocation of a place would also be compatible with the efficient education of the other children with whom the child is to be educated. Parents/Carers are not able to make a direct application to The Cove.
